## Central America

**Date//** June 21-28, 2008  
**Cost//** \$995  
**Age//** 15 yrs old & up (by time of trip)  
**DEADLINE:** February 17, 2008

Every year, **King's Castle** welcomes local church teams who come to serve the people of **El Salvador**, working side by side with national teams in a wide array of ministry opportunities. Founded in 1989, Kings Castle Ministries purposed to raise up an army of young warriors who would invade Latin America with the simple message that Jesus saves and is coming soon. This ministry exists "...because all the children need to know." Are you ready to experience the ministry of King's Castle? Are you ready to impact a generation by sharing the love of Christ with those who don't know Him? Then join UNITE (the Youth Ministry of Victory Church) this summer as they embark on this exciting journey. It will change your life!

**DEADLINE:** December 30, 2007

The **Mennonite Disaster Service Storm Aid** has been described as "*a people's movement, transforming tragedy into renewed hope.*" Two years since the devastating effects of Hurricane Katrina that movement continues. Located on the state's coast is **Pass Christian**, one of the communities most devastated by Katrina. The 30 foot surge killed 20 people, destroyed nearly all business property and damaged or destroyed 90% of the homes there. Only about 25% of the 6,500 residents returned. The rest are scattered across the nation, joining 2 million other displaced peoples across America. If you can swing a hammer or stroke a paint brush, you can say "Jesus loves you!".

Can you dream this? Thirty miles south of the U.S./Mexico border, along Route 85 (the busiest route in Mexico) sits a Ministry Training Center. Its sole purpose is to be the epicenter that will train people to reach Mexico & Latin America for Jesus. Dream no more – wake up and sign-up for this trip because this dream is a reality! The ground is purchased, the plans are final, it's being built even as you read this. The effects of the Ministry Training Center will change the climate of Mexico and Latin America. You can be a World Changer as you partner with Bill Parks and Reach Ministries to complete this construction project to equip young men and women to take the Gospel to the people of Mexico and Cuba.
